*Goris, Armenia
Jul 2014 – Jul 2016*

QA Analyst **Instigate Mobile CJSC**

Managed QA teams with 2-4 members to perform functional testing of mobile (iOS, Android, Amazon, Windows) and web apps upon requests from customers in various industries. Was responsible for helping the team to:

- Functionality, regression testing, and bug verification
- Test case creation and manual execution
- Bug and test results reporting
- Providing QA feedback on the overall functionality of the app

*Goris, Armenia
Dec 2013 – Jul 2014*

QA Engineer **Instigate Mobile CJSC**

Performed manual testing of a multi-platform action-adventure game for a large Entertainment/Media and Gaming company in the USA.

Was responsible for:

- Manual execution of test cases
- Bug creation and verification
- Regression testing
- Playthrough and ad-hoc testing
- Reporting of test results

*Goris, Armenia
Sep 2012 – Dec 2013*

QA Engineer **Instigate Design CJSC**

Tested a parallel programming and chip design tool. Tested the application, reported defects, and automated them with TCL.

*Goris, Armenia
Oct 2015 – Dec 2020*

QA Tester (Freelancer) **Testlio**

Tested more than 10 mobile apps (e.g., Microsoft Outlook, TODO). Performed functional testing, reported issues and test results, and performed bug verification.

EDUCATION
